ENJOY THE LUXURY OF HAVING SHIRTS MADE BY YOUR OWN PERSONAL TAILOR We are pleased to be of service

"Over the past year I have had several shirts commissioned from you. The recent batches have proved to be just as good as the very first. The stitching, fit and workmanship has been of the highest quality. I don't make this statement lightly as I have travelled extensively across the world and had shirts made in: New Zealand, Australia, America, Singapore, India and even here on the highly acclaimed Saville Row and Jermyn Street of London's fashionable and bespoke tailoring centre. I can only say that your shirt certainly rivals shirt makers, when one considers the price. The other aspect is the despatch and delivery of the finished articles and this cannot be faulted. Please extend my compliments to all in your employ and fabrication of my shirts. In an era when I am otherwise constructing letters of complaint, it is refreshing and lifting when one writes in praise of such excellent standards. To anyone contemplating making or even considering your accolades in shirt making, I would say buy with utter confidence and it will be a decision that might just change the way you purchase a shirt or view them." *H.H. Leicester*

"I have just received my shirt. It is excellent! Thank you so much. I will recommend your services to friends." *J.N.*

"One shirt has just arrived, beautifully made, a big thank you for all your assistance." *R.L.*

"Shirts arrived yesterday, look and fit great. Many thanks." *Mike*

"Magnificent tunic shirt and magnificent timing as well! I may even have a couple more off you later in the year! Very many thanks." *C.M. London*

"Sir, for over 20 years I had shirts made by Seymore of Bradford before they disappeared off the map (No idea what happened to them). When I found your firm, I tinkered about trying different materials with varied success until I returned to my first love... Egyptian Cotton for my most recent order. The 3 shirts came on Friday and wow they are fantastic!! They cost more of course but they're worth every penny." *D.K.*
